Renascent Consultants Pvt Ltd

Location : Uttarakhand

Project Area : 25 Acres/ Hospital Spans 8,00,000 square. ft.

Graphic Era Hospital

Graphic Era Hospital, designed by Renascent Consultants and completed in October 2023, exemplifies contemporary healthcare design and sustainable architecture. This 800-bed super speciality hospital spans 8,00,000 square feet and is thoughtfully planned to offer an unparalleled healthcare experience. Central to its design is a commitment to sustainability, with the use of local materials reducing the carbon footprint and supporting regional economies.

large windows that allow natural light to permeate the interiors, seamlessly connecting patients with nature—a factor known to accelerate recovery. Healing colours, chosen based on colour psychology, further contribute to a calming environment.

The hospital's open floor plan enhances spatial efficiency and accessibility, fostering a welcoming atmosphere that prioritizes patient comfort and operational efficiency. Biophilic design principles are evident throughout, with

Renascent Consultants overcame challenges, including those posed by the COVID-19 pandemic, to deliver the project on schedule, demonstrating their expertise in healthcare architecture. Graphic Era Hospital stands as a model for future healthcare facilities, setting new standards for sustainable development and patient-centered care, and marking a significant milestone in healthcare infrastructure.
